	)	ENERGY EFFICIENCY
	)	COSTS

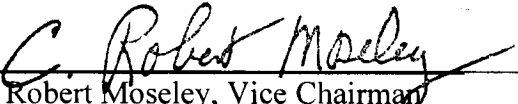

This matter comes before the Public Service Commission of South Carolina (“Commission”) on a petition from Progress Energy Carolinas, Inc. (“PEC”) for an accounting order authorizing deferment of Demand-Side Management and Energy Efficiency expenses. PEC states that it incurred these expenses pending an application with the Commission requesting approval of an Energy Efficiency/Demand-Side Management rider to cover the costs associated with PEC’s Energy Efficiency/Demand-Side Management programs. The Commission grants PEC’s petition to establish the above deferred account to be effective as of September 1, 2007, until such time as we address PEC’s application for the Energy Efficiency/Demand-Side Management rider.

This Order shall remain in full force and effect until further order of the Commission.
